

1

45W Reliable Green Medical Power Supply

RPS-45 series

Applications

- Oral irrigator
- · Hemodialysis machine
- · Medical computer monitors
- · Sleep apnea devices

GTIN CODE

MW Search: https://www.meanwell.com/serviceGTIN.aspx

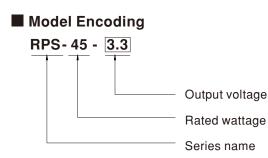

Features

- · 3"×2" compact size
- Medical safety approved (2 x MOPP) according to ANSI/AAMI ES60601-1 and IEC/BS EN/EN60601-1
- · Suitable for BF application with appropriate system consideration
- · Cooling by free air convection
- EMI class B for class Ⅱ configuration
- No load power consumption<0.1W
- · Extremely low leakage current
- · Protections: Short circuit / Overload / Over voltage
- Lifetime > 50K hours
- Operating altitude up to 4000 meters
- · 3 years warranty

Description

RPS-45 is a 45W highly reliable green PCB type medical power supply with a high power density on the 3" by 2" footprint. It accepts 80~264VAC input and offers various output voltages between 3.3V and 48V. The working efficiency is up to 91% and the extremely low no load power consumption is down below 0.1W. RPS-45 is able to be used for Class II (no FG) system design. The extremely low leakage current is less than 100 μ A. In addition, it conforms to international medical regulations (2*MOPP) and EMC BS EN/EN55011, perfectly fitting all kinds of BF rated "patient contact" medical system equipment.
